

Our topic in Nursery this term is Minibeasts.

Our final term in Nursery will be a filled with minibeasts and exploration fun! Summer term is a fantastic time to utilise the better weather and make the most of our outside spaces around the school to develop our children's understanding of their immediate locality. Our sports for all day in Summer 2 is always a great day to see your child in action enjoying the various physical challenges. We will be placing focus on the transition to Reception and equipping our children will all the skills needed for a smooth journey into full time education. Diolch, Mrs Jones.

Expressive Arts

Art - explore marks in response to a range of stimuli. Explore sculpture with a range of materials and tools.

Making a bug hotel.
Make a junk model of a bug.

Music - Listen to a variety of different pieces. Make loud and quiet sounds. Have access to musical instruments.

Drama - Start to show emotions through their bodies and facial expressions.
